

You know where, we know how

### A mobile crushing plant by part-charter and conventional liner service

In cooperation with our Houston office, Conceptum Logistics Hamburg shipped a 2,500 frts mobile crushing plant from Europe to Hondo, Texas via Houston.

Steel constructions and machinery were collected in Turkey and Germany and shipped by part-charter ex Derince/Turkey and conventional liner service ex Bremen.

Conceptum Logistics Houston arranged a continuous customs bond and coordinated the DDP deliveries to the site. Daily status reports for full cargo control have been issued.

Some additional airfreights and US-Inland deliveries have been trucked to a Houston warehouse for just-in-time delivery to the site at call.
