

You know where, we know how

## Conceptum Logistics handles the first cargo to arrive at the Port of Halifax Richmond Multipurpose Terminal

The first vessel with 3,400 cbm crane girders and parts arrived in Halifax on October 14th and has been delivered to Irving Shipyard.

A discharge berth was chosen in Halifax that is in adjacent to the Shipyard and only requires a 1 km move. The first two cranes were finished to be delivered on Monday October 20th.

As also the ChronicleHerald reported: *"It was the first cargo to arrive at the Port of Halifax Richmond Multipurpose Terminal, an engineering marvel in its own right after a two-year \$67-million rebuild."*
